...I'm also a Singer

2005

Dropped Graphic Design to be a House Music Singer and Background vocalist. Commercial VO and Dubbing came along as well as a bunch of Jingles and Kids Music.

2008

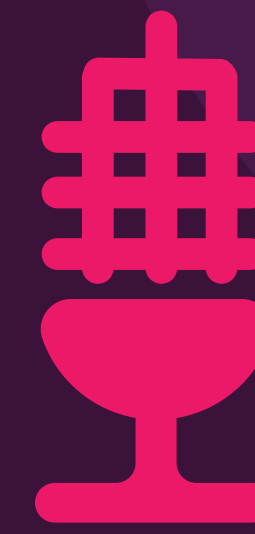

While having my band and continuing with dubbing, I was hired as a Vocal Technique for beginners in EMMAT (Colombia), following a Berklee Contemporary Singer Program.

2014

I was invited to perform in the Winter Music Conference in Miami for the 3rd time. Decided to stay longer in the US, exploring some music fusions, met an Italian and well... I stayed!
